

## ***Charitable distributions in Armenia of Hirair and Anna Hovnanian Foundation for the year of 2019***

The Hirair and Anna Hovnanian Foundation continues its charitable activities in Armenia through scholarships and grants.

Summing up the year, we can proudly state that more than 1300 students from local state universities received one-term full tuition coverage from Hovnanian Foundation.

We are glad to present few excerpts from the letters of appreciations we are getting from our scholars:

*Mari Galstyan, student at American University of Armenia.* «It's been a second time I receive scholarship from Hovnanian Foundation, for which my family and I are endlessly thankful. That scholarship will lighten my financial burden and play a key role in achieving my educational dreams. Your generosity inspires me to help others and give back to the community. I hope, that one day I will be able to help students achieve their goals just as you have helped me».

*Anush Meytarjyan, master's program student at American University of Armenia.* «I had difficulties in paying the fee for my education, and your foundation helped me to overcome the challenge, because currently I am the only one working in my family. This year is my last year at AUA, and soon I am graduating with lot of knowledge, and one of the reasons of my successful completion of the university is your Foundation's support. My family and I are endlessly grateful for your generous support, which will further help me to accomplish my goals and dreams to become a real professional in my chosen major. Once more I THANK YOU for the support, which allowed me to make my dreams come true, and after graduating I am more than sure that I will have the chance to find a good job and help people as much as I can».

*Greta Aveitsyan, student at Yerevan State Medical University.* «I'd like to express my deepest gratitude for the financial support you gave me. I promise to do my best in my academic career. Be sure, that your financial support motivates our youth to study and work harder for becoming a proper person to my country».
